

Technology Cyber & Security Summer Intern in a nutshell

This is your opportunity to kickstart your tech career in Cyber and Security. Be part of the team whose mission is to keep the bank and our customers, clients and colleagues safe, secure and always on. You'll become fascinated by what you can do — dealing with challenges like cyber security, terrorism, viruses, world events, fraudsters, and even upheaval in the external economic climate.

We'll give you the tools you'll need to write your own script for your tech career ahead and support you to develop from student to specialist from day one.

Why Barclays?

At Barclays, we bet big on the future—our people. Here, you'll not only be a part of our technological innovation but also learn to be the person who can drive our strategy forward. You'll have the chance to learn from industry experts — and begin the journey to becoming one yourself.

What you'll do

- **Work on real projects:** Get stuck in with the team on initiatives that reduce risk and enhance our services.
- **Learn from the best:** Work with our experts to keep our customers safe.
- **Drive innovation:** Identify solutions that help us to develop better security practices across the business.
- **Expand your horizons:** Build relationships with colleagues and develop your understanding of how a global organisation works.

Where you'll be

Join our 3,500-strong team in our stunning, 64-acre site, The Barclays Technology Centre Radbroke in Knutsford, just outside Manchester. It's a tech hub like no other.

The campus has tennis courts, gardens and even bee hives, as well as the latest in technology systems, equipment, and development. It's home to our 24/7 command centre and is where our game-changing technology firsts are dreamt up and brought to life.

What we're looking for

If you're an undergraduate graduating in 2026 who's ready to take on real world challenges with a passion for cyber security or technology, you're halfway there.

Our ideal candidate will:

- **Communicate effectively:** Clear insights; comfortable talking to anyone.
- **Be adaptable:** Thrive in change; eager to learn new technologies.
- **Be an innovative thinker:** Bring fresh perspectives to problem-solving.
- **Be a team player:** Energised by working alongside others.

Ready to turn ambition into expertise?

Apply now to kickstart your career as a **Technology Cyber & Security Summer Intern** here in Knutsford.
